

ORIGINS OF JUNETEENTH NATIONAL INDEPENDENCE DAY

In 2021, Juneteenth National Independence Day was designated as a federal holiday. The occasion commemorates the emancipation of enslaved African Americans in the United States. Its origins date back to a pivotal moment in American history.

In 1863, President Abraham Lincoln issued the Emancipation Proclamation, declaring that all enslaved people in Confederate-held territory were to be set free. However, this proclamation didn't immediately reach enslaved individuals in Texas due to the isolated nature of the state and the ongoing Civil War.

It wasn't until June 19, 1865, that Union General Gordon Granger arrived in Galveston, Texas, and issued General Order No. 3, officially announcing the end of slavery in the state and enforcing the Emancipation Proclamation. This momentous declaration marked the beginning of Juneteenth celebrations, which initially included church gatherings, parades, and shared meals.
